

STEALTH HALF MASK RESPIRATOR P3

Hengst
FILTRATION

Article number: F01.1.043 - S/M | Article number: F01.1.044 - M/L

P3 Mask

Half mask for protection against dust, metal fumes, oil and water mists and micro-organisms (bacteria and viruses). This P3 half mask respirator is ready for immediate use and can be reused multiple times. The integrated filter can be replaced.

Suitable for

- Building
- Welding
- Woodwork
- Automotive sector
- Agriculture
- DIY
- Mining

Mask Materials

Mask body: Latex and silicone free material

Mask strap: One continuous loop strap mechanism for easy adjustment

Industry

Filter Materials

Hepac-Lite® Filter Technology for lowest breathing resistance – less condensation build up.

Technical Details

Dimensions

59mm x 18 mm x 71 mm

Weight

Mask body: 0.14 g

Certifications

EN140:1998 and EN143:2021

Highest filtration efficiency up to 99.999 %

Lightweight and compact design for a wide field of visibility.

Up to 55 % lower breathing resistance.

Made of soft latex and silicone free material for a reliable seal and high comfort.
